

Happy Halloween from Ez-ID!

To celebrate, Ez-ID is pleased to announce our

HALLOWEEN "SPOOKTACULAR" PROMOTION

on our Fingerprint Access Control Systems!

Outdoor Reader System:	\$125.00
Indoor Reader System:	\$102.00
Additions:	
Outdoor Reader:	\$ 80.00
Indoor Reader:	\$ 55.00

Includes:

48 Month \$1 Buyout Lease
Includes Installation & Training

Must sign contract by Oct. 31st 2009

Unlike a key, PIN, or proximity card (used to open/secure a door), a fingerprint cannot be shared, copied, stolen or lost. As a result, our secure fingerprint access control solutions will:

Assist in preventing unauthorized access into your office, into less secure areas and restricted areas.

Authenticate users in under a second for instantaneous access.

Improve protection of assets, customers and employees.

Eliminate carrying multiple keys.

Reduce expense of replacing lost keys, badges, fobs and locks.

Identify who enters the areas.

Improve security (greater piece of mind).

Enhance the value of your property.

(Note: We are just complementing your existing access control with a more secure keyless access, via fingerprint. Our system is not proprietary and will work with your current systems).

If you interested in this promotion or any other Controlled Access Solution for your company, contact me, Albert Bellington, Sales Manager at Ez-ID, to set up an appointment.
